

Learn Complete Manual Steps to Convert PST files to PDF by CubexSoft PST to PDF Converter

Before exporting PST to PDF files, firstly download the CubexSoft PST to PDF Converter then install and launch properly on your PC screen.

After installation, the screenshot of the software is shown as below:

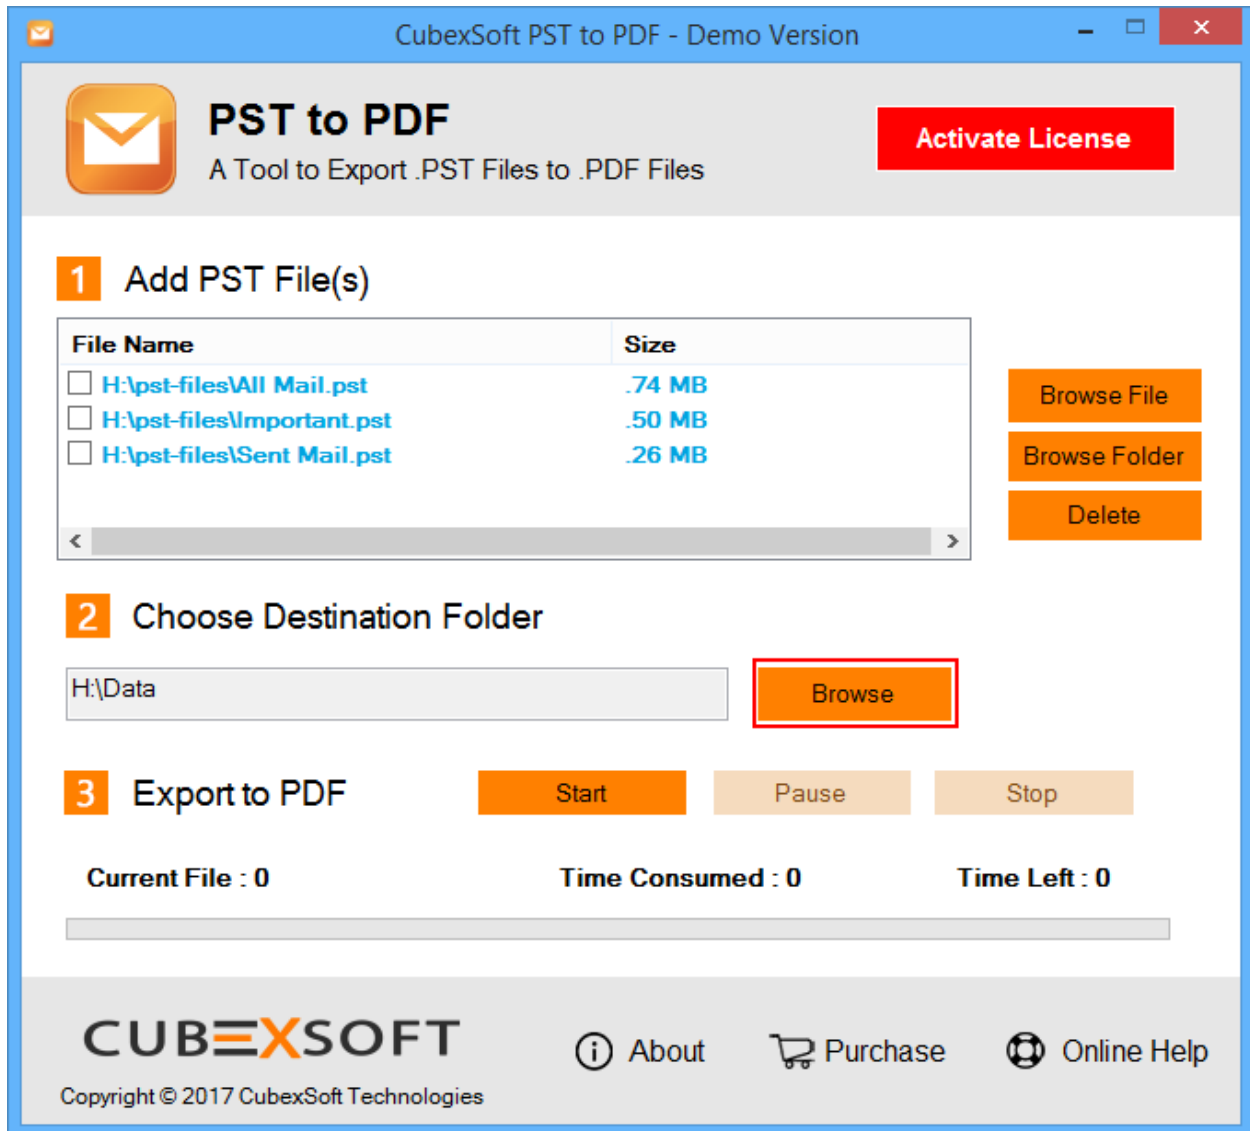

Step 1 – Now Select the PST files by “Browse File” and” Browse Folder “Options from the saving location

Note: - If you want to delete any selected file then tick on check box of selected file and click on delete button

Step 2 After selecting the PST files, choose any saving location by “Browse” Option to save converted files

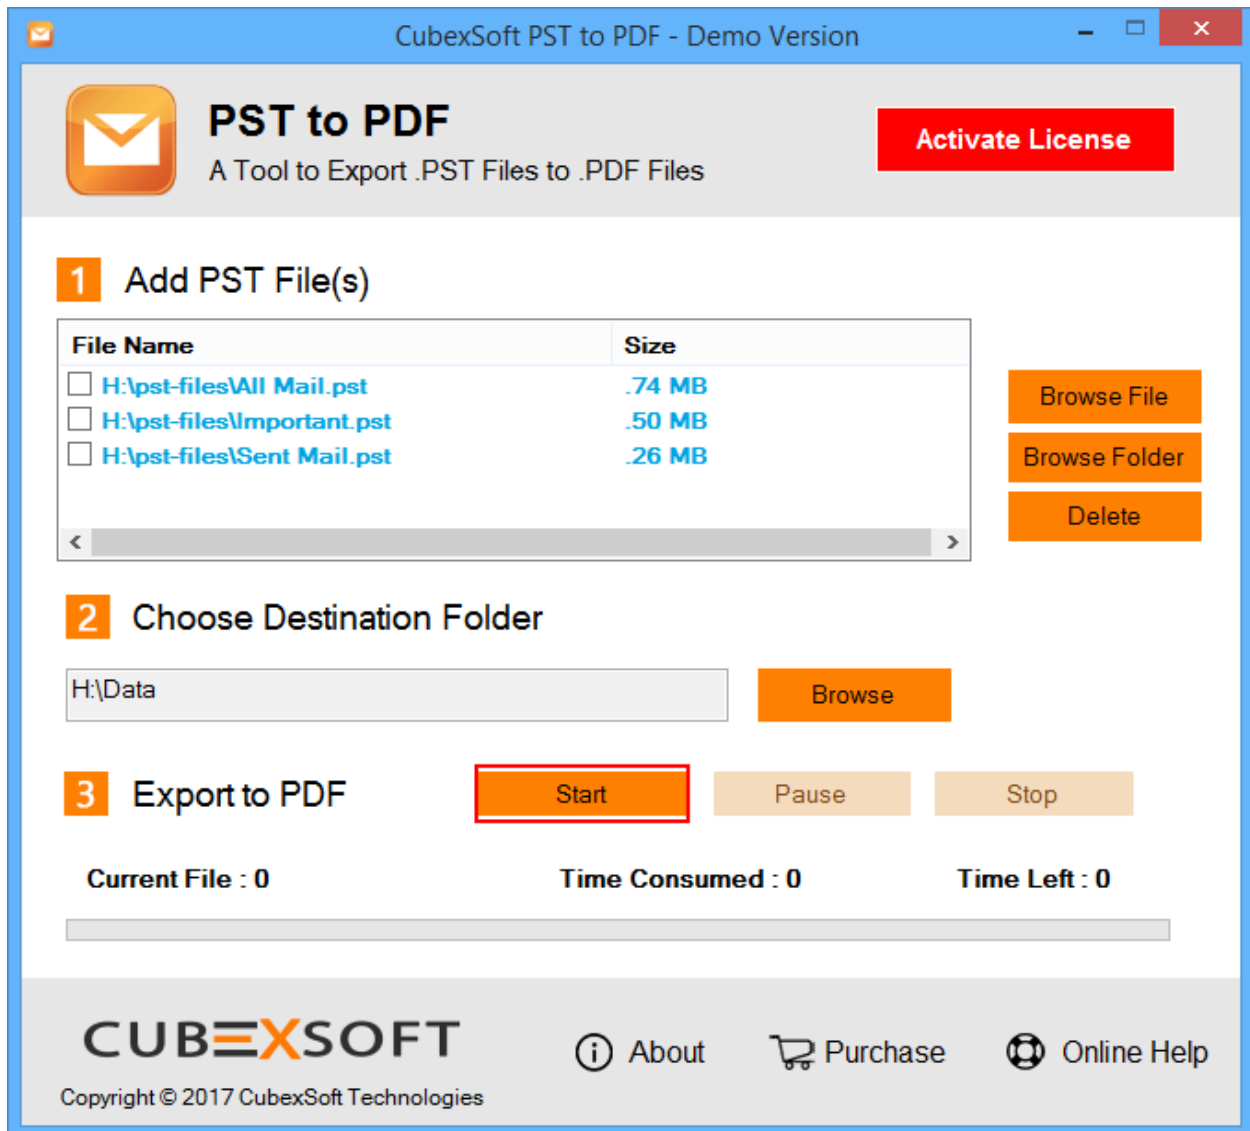

The screenshot shows the CubexSoft PST to PDF - Demo Version application window. The interface is divided into several sections:

- Header:** Includes the CubexSoft logo, the text "PST to PDF A Tool to Export .PST Files to .PDF Files", and a red "Activate License" button.
- Step 1: Add PST File(s):** A table lists three PST files for selection:

File Name	Size
<input type="checkbox"/> H:\pst-files\All Mail.pst	.74 MB
<input type="checkbox"/> H:\pst-files\Important.pst	.50 MB
<input type="checkbox"/> H:\pst-files\Sent Mail.pst	.26 MB

To the right of the table are three buttons: "Browse File", "Browse Folder", and "Delete".
- Step 2: Choose Destination Folder:** A text input field contains "H:\Data", and a red-bordered "Browse" button is positioned to its right.
- Step 3: Export to PDF:** Three buttons labeled "Start", "Pause", and "Stop" are displayed.
- Progress and Status:** Below the buttons, it shows "Current File : 0", "Time Consumed : 0", and "Time Left : 0" with a corresponding progress bar.
- Footer:** Contains the CubexSoft logo, "Copyright © 2017 CubexSoft Technologies", and links for "About", "Purchase", and "Online Help".

Step 3 For next proceeding, Click on Start Button
